Plan to be submitted to Secretary of State's Office: September 1, 2020

Establishment of Vote Centers

4.01 Ordinance # xxxx-xx approved by the Quorum Court of Pulaski County: **Please see Attachment A**

4.02(1) Physical Location of Vote Centers in Pulaski County

The Pulaski County Election Commission (“The Commission”) has determined that all current early voting sites will also house election day voting centers for the 2020 General Election. The Commission seeks to provide a safe, efficient, private, accessible, and secure voting experience for all voters and communities within the county. The Commission criteria for the selection of early voting sites and election day voting centers follows recommended best practices, seeking to establish locations that are geographically distributed in populated areas, located close to high traffic areas, are easily recognized within the community, are accessible to all voters, and have sufficient space, parking, and data connectivity to accommodate a large volume of voters. All polling locations listed below meet ADA requirements and will adequately allow voters to vote in private.

Vote Center	Address	City	Zip
Pulaski County Regional Building	501 W. Markham St.	Little Rock	72201
Sue Cowan Williams Library	1800 S. Chester St	Little Rock	72206
Dee Brown Library	6325 Baseline Rd	Little Rock	72209
Roosevelt Thompson Library	38 Rahling Circle	Little Rock	72223
William F. Laman Library	2801 Orange St	North Little Rock	72114
Jacksonville Community Center	5 Municipal Dr	Jacksonville	72076
Jess Odom Community Center	1100 Edgewood Dr	Maumelle	72113
First Christian Church of Sherwood	2803 Kiehl Ave	Sherwood	72120
Sidney S. McMath Library	2100 John Barrow Rd	Little Rock	72204
Hillary Clinton Children’s Library	4800 W. 10th St.	Little Rock	72204
John Gould Fletcher Library	823 N. Buchanan St.	Little Rock	72205
Adolphine Fletcher Terry Library	2015 Napa Valley Dr.	Little Rock	72212

4.02(2) Electronic Pollbooks

Electronic Systems and Software (ES&S) ExpressPoll electronic pollbooks will be used to verify voter registration. Pulaski County has 300 ExpressPoll electronic pollbooks, all of which will be available for use on election day if needed. Each vote center will be supplied with 2-10 electronic pollbooks on Election Day. Election Day polling places will be supplied with 2-3 electronic pollbooks.

4.02(3) Voting Machines

ES&S DS200 precinct ballot scanner and tabulator (DS200) and the ES&S ExpressVote ballot marking device (ExpressVote) will be used at each location for casting votes. Each vote center will have a minimum of 1 DS200 and 5 ExpressVotes. Busier locations will have up to 20 ExpressVotes.

4.02(4) Secure Electronic Connection

All voting centers and election day polling locations will use a WIFI hotspot provided by the Commission to connect the electronic pollbooks to the voter registration system. Only election officials will have the passwords for the WIFI hotspots. The WIFI available at the polling locations will be used as a backup if the hotspot malfunctions, or if the data signal at a location is insufficient to provide a reliable connection. Additional hotspots are available as backups for locations that do not have WIFI available. Each location has been tested with a hotspot to verify strength of signal. **Please see Attachment B** for certification of the electronic connection and voter information update. Originals are filed with the Pulaski County Clerk's office.

Vote Center	Secure Electronic Connection
Pulaski County Regional Building	Hotspot provided, WIFI backup available
Sue Cowan Williams Library	Hotspot provided, WIFI backup available
Dee Brown Library	Hotspot provided, WIFI backup available
Roosevelt Thompson Library	Hotspot provided, WIFI backup available
William F. Laman Library	Hotspot provided, WIFI backup available
Jacksonville Community Center	Hotspot provided, WIFI backup available
Jess Odom Community Center	Hotspot provided, WIFI backup available
First Christian Church of Sherwood	Hotspot provided, WIFI backup available
Sidney S. McMath Library	Hotspot provided, WIFI backup available
Hillary Clinton Children's Library	Hotspot provided, WIFI backup available
John Gould Fletcher Library	Hotspot provided, WIFI backup available
Adolphine Fletcher Terry Library	Hotspot provided, WIFI backup available

4.02(5) Paper Ballots

Paper ballots containing all ballot styles will be available for provisional voting at all vote centers. Paper ballots will be provided to all election day polls for regular and provisional voting. Two sample ballot books will be provided to all voting centers. Two copies of each ballot at a poll will be provided to all polling locations as sample ballots.

5.0 Voting Equipment

5.01 Voting Equipment Capacity

All ExpressVotes and DS200s used in Pulaski County vote centers have the capacity to store and tabulate every ballot style used in the county during a Preferential Primary Election.

5.02 Voting Machine Quantity, Ballot Accounting, Tabulation, and Auditing

Pulaski County has 265 ExpressVotes and 140 DS200s. All machines will be sealed prior to being delivered to the vote centers and polling locations, and the seal numbers documented and recorded in Commission records. The Poll Judge at each location (vote centers and precinct polls) will record the seal numbers from each piece of voting equipment on the election protocol prior to the opening of the polls on election day, and will submit the

completed election protocol to the Commission office with the election returns after the closing of the polls on election night.

One USB drive will be assigned to each DS200 deployed in the county for the election. One USB drive will be installed in a locked compartment in each ExpressVote deployed for the election. The keys and election password for the DS200 will be delivered with the polling location supplies to the Poll Judge of a location separately from the equipment on the weekend prior to election day, with the precinct election/vote center materials. The media will then be packaged with the election returns after the closing of the polls and delivered to the Commission office for tabulation.

The Commission will record on a duplicate ballot accounting form the ballot styles and ballot quantities delivered to each vote center and polling location, and will include one copy of the ballots that are delivered to each location, while retaining the other copy in the Commission office. Moreover, the Poll Judges will record the number of paper ballots and ballot cards delivered to each location on the election protocol prior to the polls opening, and will record the number of paper ballots and ballot cards used on the election protocol after the closing of the polls. The Poll Judges will balance the number of ballots and ballot cards delivered against the number of ballots and ballot cards used to ensure 100% accountability prior to the delivery of the election materials and returns to the Commission Office. During the tabulation process on election night, the Commission staff verifies that 100% of election media has been received and tabulated prior to the declaration of unofficial results.

In the canvassing period after election day, Commission staff will audit the certificates of return submitted on election night against the electronic count produced during the election night tabulation process. Additionally, all other appropriate records (equipment seal numbers, ballot accounting, etc.) will be reconciled to ensure the absence of any irregularities.

5.03 Deployment of Voting Equipment for Early Voting

One DS200 will be assigned to each early voting location. The number of ExpressVotes assigned to each early voting location will vary by location based on historical and anticipated voter turnout. ExpressVotes may be reallocated between locations during the period of early voting based on actual turnout.

Early Voting Location	DS200s Assigned	ExpressVotes Assigned
Pulaski County Regional Building	1	20
Sue Cowan Williams Library	1	8
Dee Brown Library	1	8
Roosevelt Thompson Library	1	9
William F. Laman Library	1	15
Jacksonville Community Center	1	10
Jess Odom Community Center	1	10
First Christian Church of Sherwood	1	10
Sidney S. McMath Library	1	8

Hillary Clinton Children's Library	1	12
John Gould Fletcher Library	1	15
Adolphine Fletcher Terry Library	1	10

5.04 Voting Machine Inventory, Election Day Deployment, Voter Statistics, etc.

Pulaski County has 140 DS200 Precinct Ballot Scanner and Tabulators, 265 ExpressVote Universal Voting Systems, 300 ExpressPoll Electronic Pollbooks, and 1 DS450 Central Ballot Scanner and Tabulator.

2020 Proposed Vote Centers		
<i>Early Voting Location</i>	<i>DS200s Assigned</i>	<i>ExpressVotes Assigned</i>
Pulaski County Regional Building	1	20
Sue Cowan Williams Library	1	8
Dee Brown Library	1	8
Roosevelt Thompson Library	1	9
William F. Laman Library	1	15
Jacksonville Community Center	1	10

*Precincts will be assigned to the corresponding Vote Center

Pulaski County has 250,651 registered voters as of May 29, 2020. All registered voters are assigned to an Election Day Polling Location. All Current Election Day polling sites will remain the same, and will be assigned 1 ExpressVote, 1 DS200, and 2-3 ExpressPolls. Additionally, preprinted paper ballots corresponding to the assigned precinct(s) for the polling site will be delivered to each poll and shall be the primary method of voting at those polls. The ExpressVote assigned to the poll will be reserved for use by voters with disabilities. 10 DS200's will be held in reserve to replace malfunctioning machines or be assigned to the absentee ballot tabulation process as needed. 8 additional DS200s will be allocated to the absentee tabulation process, along with the DS450.

Please see Attachment C for 2016 Preferential Primary information

Please see Attachment D for 2016 General Election information

Please see Attachment E for 2018 Preferential Primary Information

Please see Attachment F for 2018 General Election Information

6.0 Equipment (Verifying Voter Registration Records)

6.01 Pulaski County will use ES&S CentralPoint system in combination with ES&S ExpressPoll electronic pollbooks to verify voter eligibility during both in-person Early Voting and on Election Day. This system performs constant electronic updates to ensure that electors are only able to cast a single ballot in an election. The ExpressPolls will contain the complete Pulaski County Voter Rolls. **Please see Attachment B** for certification of the electronic connection and voter information update for the ExpressPolls.

6.02 The ExpressPolls use CentralPoint for their electronic updates. The ExpressPolls are Toshiba Model WT10A, with ES&S EZRoster 3.5.0.0 installed. This system has been certified for use in elections by both state and federal election authorities.

6.03 Pulaski County has 300 ExpressPolls. At least 2 will be deployed to each Election Day polling site and 2-10 will be deployed to each Early Voting Location/Vote Center, depending on expected voter traffic at the location. The remainder will be held in reserve, with a select number allocated for use by the County Clerk's staff for updating voter information and assisting with voter issues.

7.0 Maintenance and Use of Equipment

7.01 All Equipment used in the Vote Centers and Precinct Polling Locations is properly maintained and kept up to date. All equipment will be tested prior to deployment in each election and will be maintained by election officials.

7.02 All Election Officials will be trained to operate the voting equipment. Extra training will be required of the election officials primarily tasked with the operation of the voting equipment, the election judges and election sheriffs.

8.0 Testing and Backup of Equipment

8.01 Logic and Accuracy testing on all voting equipment and election media to be deployed in an election will be completed by the statutory deadline, at least 7 days prior to the beginning of early voting. Sufficient supplies to maintain the efficient operation of the voting equipment will be sent to each vote center and poll.

8.02 Testing of all ExpressPolls will be performed and completed at least 7 days prior to the beginning of early voting for an election

9.0 Secure Electronic Connection

9.01 ExpressPolls will be synchronized using the CentralPoint system, which sends constant electronic updates as voters present themselves to vote throughout in-person Early Voting and on Election Day. The tablets will be updated prior to the opening of polls

on each day of Early Voting and on Election Day. This will prevent electors from casting multiple votes in a single election. Only Election Officials will have access to the ExpressPolls prior to and during Early Voting and Election Day.

9.02 All Vote Centers and Precinct Polling Locations will use wireless hotspots provided by the Commission. The facility internet at the various polls and vote centers will be used as a backup should the hotspot at the location fail. The hotspots are secured WPA2, which requires a password to access. Only Election Officials will have the password.

9.03 All ExpressPolls will require a password to login. Only election officials will have the password. All communications between the ExpressPasses and the Central Point system is secured using AES256 encryption (**Please see attachment G**). All data transferred between the ExpressPass and CentralPoint will be encrypted during transmission over the internet. This is currently the strongest form of encryption available. The hotspots are secured using WPA2 protocols, which provide “end to end” security.

10.0 Electronic/Internet System Failure

A sufficient Internet connection and battery backup will be available for all locations. All Election Judges will be provided with cell phones by the Commission, and a list of contact information with phone numbers for the Commission and County Clerk’s office. The complete roll of eligible voters will be loaded onto each ExpressPoll prior to each election. Accessing the preloaded voter roll does not require Internet access. Each voting center and polling location is provided with supplemental voter roll sheets, to be used as needed. If Internet access is interrupted, voting may continue as normal with the voter rolls preloaded on the ExpressPolls. When Internet access is restored, the ExpressPolls will automatically update the ExpressPolls located at other vote centers and precinct polling locations.

11.0 Notifications to Voters

Pulaski County will retain all current precinct polling locations. Voters will be notified of the opening of vote centers through the official Notices of Election in the Arkansas Democrat-Gazette, as well as communications from the Commission, Clerk, and Pulaski County government through social and local media, including newspapers, radio, and television reporting. The information will also be posted on the Pulaski County, Commission, and Clerk’s websites.

12.0 Ordinances Required. Please see Attachment A

13.0 Provisional Ballots

All necessary materials and procedures will be provided to each precinct polling location and vote center for a voter to cast a provisional ballot. All precinct polling locations and vote centers will be provided with paper ballots containing all ballot styles available at the location. Provisional ballots will be stamped “Provisional” and the count adjusted manually via the Electionware software for any Provisional Ballot mistakenly fed into the DS200.

14.0 Change of Vote Center Location

Pulaski County is seeking to open a limited number of vote centers for the November 3, 2020 General Election, and for all elections moving forward.

Submitted by the Pulaski County Election Commission

Evelyn D. Gomez, Chairwoman

Joshua A. Price, Commissioner

Kristi M. Stahr, Commissioner

Note Regarding the COVID-19 Pandemic:

It is the intent of the Pulaski County Election Commission to conduct elections in Pulaski County as outlined in this document starting in the November 3, 2020 General Election and going forward until the plan is updated or amended and receives the necessary approvals for any such changes. However, the ongoing COVID-19 Pandemic in the county, state, and country may dictate a change in the plans outlined above due to the voluntary nature of the organizations providing facilities for voting, as well as the voluntary nature of the staffing of the election. The Commission will endeavor to its fullest to fulfill the plans as outlined in this document, but the conduct of elections, as with many other public institutions and processes, will be impacted by the ongoing pandemic.

Quorum Court Ordinance

Ordinance No. 20-OR-27

FILED 08/31/20 11:26:43
File # 20-066 Terri Hollingsworth
Pulaski County Circuit Clerk

Pulaski County Quorum Court
State of Arkansas
August 2020

Item: 20-I-49

By: Justices Keith, Blackwood, Coney, Elliott, Green, Jefferson, Lewison, Massey, McCoy,
McMullen, Medlock, Reed, Robinson, Stowers

EMERGENCY ORDINANCE

BE IT ENACTED BY THE QUORUM COURT OF THE COUNTY OF PULASKI,
STATE OF ARKANSAS, AN ORDINANCE TO BE ENTITLED:

**AN ORDINANCE TO ESTABLISH VOTE CENTERS IN PULASKI COUNTY FOR THE
PURPOSE OF EXPANDING OPPORTUNITIES AND ACCESSIBILITY TO POLLING
LOCATIONS IN THE COUNTY.**

Whereas, pursuant to Arkansas Code Annotated Section 7-5-101 the County may establish
by ordinance vote centers for elections; and

Whereas, the Pulaski County Election Commission has recommended that all current early
voting sites also serve as Election Day Voting Centers for the 2020 General
Election; and

Whereas, the Pulaski County Election Commission's Vote Center Plan identifies that the
following criteria was used for the selection of early voting sites and
recommendation of Election Day Voting Centers: use of locations that are
geographically distributed in populated areas, located close to high traffic areas, are
easily recognized within the community, are accessible to all voters, are ADA
compliant, and have sufficient space, parking, and data connectivity to
accommodate a large volume of voters; and

Whereas, the Pulaski County Clerk has certified to the Secretary of State and the Quorum
Court that the County has secure electronic connections for each Vote Center; and

Whereas, the Pulaski Election Commission has provided a detailed plan of the operation,
necessary equipment and locations of the Vote Centers, as well as ensuring that all
current Election Day polling sites will remain the same, contingent on willingness
to host a polling site; and

Whereas, the Pulaski Election Commission has requested that the Quorum Court adopt an
ordinance authorizing the use the locations identified as Vote Centers.

20-I-49 QCS 8/3/2020

1 NOW THEREFORE, BE IT ORDAINED BY THE QUORUM COURT OF THE COUNTY OF
2 PULASKI, STATE OF ARKANSAS, THAT:

3
4 Article 1. The use of Vote Centers is hereby established in Pulaski County as in accordance
5 with the recommendations proposed by the Pulaski County Election
6 Commissioners at the following locations:

- 7
8 1. Pulaski County Regional Building 501 W. Markham St. Little Rock 72201
9 2. Sue Cowan Williams Library 1800 S. Chester St Little Rock 72206
10 3. Dee Brown Library 6325 Baseline Rd Little Rock 72209
11 4. Roosevelt Thompson Library 38 Rahling Circle Little Rock 72223
12 5. William F. Laman Library 2801 Orange St North Little Rock 72114
13 6. Jacksonville Community Center 5 Municipal Dr Jacksonville 72076
14 7. Jess Odom Community Center 1100 Edgewood Dr Maumelle 72113
15 8. First Christian Church of Sherwood 2803 Kiehl Ave Sherwood 72120
16 9. Sidney S. McMath Library 2100 John Barrow Rd Little Rock 72204
17 10. Hillary Clinton Children's Library 4800 W. 10th St. Little Rock 72204
18 11. John Gould Fletcher Library 823 N. Buchanan St. Little Rock 72205
19 12. Adolphine Fletcher Terry Library, 2015 Napa Valley Little Rock 72212
20

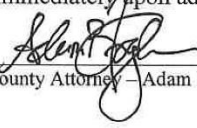

21 The locations of sites used as Vote Centers may be amended from time to time by
22 the Pulaski County Quorum Court. Such an amendment shall follow the process
23 established by law for the creation of Vote Centers.
24

25 Article 2. The Rules for Vote Centers are established and may be amended from time to
26 time by the Arkansas Secretary of State, and in accordance with state statute.
27

28 Article 3. SEVERABILITY: If any part of this ordinance is held invalid, such invalidity
29 shall not affect any other portion of this ordinance.
30

31 Article 4. REPEALER: All laws and parts of laws in conflict with this ordinance are
32 hereby repealed.
33

34 Article 5. EMERGENCY CLAUSE: This ordinance, being necessary for the preservation
35 of access to polling locations and for citizens to exercise their right to vote, shall
36 be in full effect immediately upon adoption and signing.
37

38 APPROVED AS TO FORM: 
39 County Attorney - Adam Fogleman

SUBJECT: Secure Electronic Connections at Vote Center and Polling Locations

The staff of the Pulaski County Elections Department has completed an on-site survey of all facilities that will serve as polling locations and early voting sites/vote centers in the November 3, 2020 General Election. All polling locations and early voting sites/vote centers have a sufficient cellular data signal and/or a facility WiFi connection suitable to the secure operation of the ExpressPoll electronic pollbooks at each location. Attached you will find the results of the survey conducted by staff.

Should you find this information to be satisfactory, I would ask you to certify the Secure Electronic Connection as mandated by §4.03 of the Arkansas Secretary of State's Rules on Vote Centers. If not, please identify any deficiencies in the data and we will work diligently to correct them. I have enclosed a sample certification from Benton County for your convenience. Please let me know if you have any questions.

Sincerely,

Bryan Poe
Director of Elections

501 West Markham, Suite A
Little Rock, AR 72201

RE: Request for Electronic Poll Book System Security Information

Dear Mr. Poe:

Election Systems & Software is pleased to respond to your request for information about how the ExpressPoll® electronic poll book system addresses data and system security. You can be assured of the safety of Pulaski County's data with the ExpressPoll system.

Security on the ExpressPoll electronic poll books is implemented using a combination of system and physical administrative procedures.

The following system security features pertain to the ExpressPoll electronic poll books:

- All data is redundant on multiple levels: Data is stored in redundant non-volatile memory on the ExpressPoll. It is also replicated to other ExpressPoll devices on the local ring-net, so if any tablet fails, other tablets on the ring-net will have copies of the data from that tablet.
- AES256 data encryption is used for all data on the ExpressPoll electronic poll books.
- Customers can choose from and configure the wireless security protocol supported on the wireless routers to suit their needs (e.g. WEP, WPA, WPA2, and WPA2 Enterprise with AES encryption for secure Wi-Fi).
- Devices and cases have locations and ports that are sealable.
- The ExpressPoll is configured to operate in a kiosk mode, so that there is no ability for the poll worker to access the operating system directly.

The following system security features pertain to communications between the ExpressPoll electronic poll books and the CentralPoint® host servers:

- Web Service communication between the ExpressPoll electronic poll books and the server is encrypted (HTTPS/port 443).
- Only SHA-2 SSL certificates generated from 2048-bit or higher keys are used in communication.
- Only a single public CA is used for SSL certificates. All communications are forced to TLS1.x and higher. TLS_FALLBACK_SCSV is used to prevent protocol downgrade attacks.
- Communications utilize forward secrecy using 2048-bit and higher keys, Strict Transport Security (HSTS), and Public Key Pinning (HPKP)

Maintain Voter Confidence. Enhance the Voting Experience.

- Microsoft Windows Identity Foundation is used for authentication and authorization.
- The data center employs default appliances that prevent denial of service attacks at the network layer.
- The data center includes intrusion detection systems with the ability to automatically shun hosts and networks from which denial of service attacks originate.
- ES&S employs a scalable architecture that can respond to the demands of most web-based applications and the traffic they require.
- Administrators are provided VPN access utilizing two-factor authentication.

ES&S recommends the following physical and administrative best practices when operating the ExpressPoll systems:

- Establish and maintain chain of custody controls for the electronic poll books and data storage media from the elections warehouse to the polling place and back to the warehouse, using uniquely numbered seals on each ExpressPoll tablet and its case.
- Use strong passwords and change passwords each election.

This combination of advanced system and physical security can provide the election officials the confidence that the ExpressPoll devices are and will remain secure. Please let us know if you require additional information or clarification.

Regards,

State of Arkansas Account Manager
